

## Acer Rubrum Redpointe Maple

**Zone:** 5    **Height:** 45'    **Spread:** 30'

**Shape:** Broadly pyramidal  
**Foliage:** Dark green  
**Fall Color:** Bright red

Brilliant red fall color plus upright, broadly pyramidal form make this Schmidt introduction a standout. The refined form and foliage of the best *Acer rubrum* cultivars combine with the faster growth rate normally found in *Acer x freemanii*. A straight and dominant central leader results in strong branch angles that make it easier to grow.
