

A. Waldbart and Sons Nursery

Quercus rubra (borealis)

Red Oak

Zone: 3-8

Height: 60'

Width: 60'

Crown: Round

Growth: Fast

Soil: Clay, loam, sand

pH: Acid, slightly alkaline

Salt: Good tolerance

Drainage: Well drained

Breakage: Susceptible

Probably the most widely used Oak in America. It is fast growing and develops an open canopy that still provides good shade. It is fairly disease and pest free.
